(a) A lower-cost light meter is the Sekonic L-308S, price approx. \$187

(b) A lower-cost tripod is the Benro Tra-069, price approx. \$127

(c) A lower-cost external hard drive is the Western Digital 500GB, price approx. \$103

(d) A digital camera option is the Canon 60D w/17-85 lens, price approx. \$1749.00

(e) It is recommended that students wait to purchase such a digital camera, until just prior to the **second semester**.

1 Students may find better prices than Antonelli school store prices, especially for bulk purchases.

2 All items in the kit are needed on the first day of the semester listed above.

3 *If ordering through the school store, you must place your order for the first semester kit no later than July 15 to receive discount and to assure arrival by the first day of the 1st semester.*

4 *Second semester kit orders must be placed through the school store by 11/21 to receive discount and to assure arrival by the first day of the 2nd semester.*

5 **When ordering, please email orders@antonelli.edu. Be sure to include your first and last name and note which semester photography kit that you are ordering.**

6 **OTHER COSTS (matte boards, paper, film, portfolio, portfolio box, website, field trips):** Please be reminded that supply costs (over the cost of the starter semester kit) will total approximately \$1350-\$1650 for each academic year (see the Interview Book given to you during the Admissions process and the Academic Catalog).
